Jeffrey Kaplan  
Overwatch  
Blizzard Entertainment  
1 Blizzard Way  
Irvine, California 92618, EE.UU.

Dear Mr. Kaplan,

I am addressing you because I would like to be part of Overwatch's team. I have admired your team's work through the years: the way you keep Overwatch's universe secrets and the way you let them split just enough to create the craving to know more. But I do not only admire Overwatch's history, I am impressed with the animations, voice lines, BSO and designs.

As you see in my curriculum vitae, I am graduated from Creanavarra Superior Design Center so, I have the Graduate in Graphic Design and the Official British Title. Also, there is the Title in Computer Engineering of Management and Information Systems.

I have nine years of experience in animation and graphic design and those years have given me patience, perseverance and ease at solving problems in the best possible way.

I am grateful for your interest in my persona. I would appreciate an opportunity to hold a personal interview to answer any questions and expand my curriculum vitae.

Yours sincerely,

Júlia Ting Castro Sevilla
